## Document Processed

**File:** openai\_financial\_report.txt

**Classification:** report

**Sentiment:** positive

**Department:** Management

**Sensitivity:** confidential

**Routing tag:** auto-approved

## Summary

This report provides a financial overview of OpenAI as of May 2026, highlighting its rapid revenue growth to over \$25 billion in annualized revenue. It details significant funding rounds, including a \$40 billion investment led by SoftBank, and examines the company's capital-intensive business model.

## Action items

Monitor the balance between revenue growth and infrastructure spending, Track enterprise adoption and agent/workflow product performance, Assess the impact of regulatory uncertainty on future growth
